## **DEFOG IT™ ANTI-FOG RESEARCHES TACTICAL EYEWEAR SAFETY AT MOCK PRISON RIOT TRAINING, MAY 2-5, 2010**

April 21, 2010 – Valley View, Ohio – Nanofilm, the maker of [Defog It anti-fog](#) will be researching the risk of fogged eyewear on the ability of tactical officers to safely perform their duties as part of the Mock Prison Riot, May 2-5, 2010, in Moundsville, West Virginia. Law enforcement, corrections professionals and military personnel will provide insight into the frequency and causes of fogging on shooting glasses, safety goggles and faceshields, as well as providing feedback on solutions.

The Mock Prison Riot is a four-day, comprehensive law enforcement and corrections tactical and technology experience. It takes place on the grounds of a decommissioned prison and features training scenarios, technology demonstrations, technology assessments and evaluations, certification workshops and a skills competition.

“There’s evidence that fogged eyewear is an unsolved safety problem for tactical officers,” says John Swett, Vice President of Sales and Marketing. “Research at the Mock Prison Riot gives us information directly from law enforcement and corrections professionals, plus feedback and guidance on the performance of Defog It in the toughest vision-critical situations.”

The Defog It anti-fog formula is used by the military worldwide. The anti-fog liquid and anti-fog towelettes are safe and effective on eyeglasses, safety glasses, safety goggles, faceshields and eyeglasses, even high-tech optical lenses.

Defog It will also be demonstrating the product during the event at Booth 074. Individuals and organizations can purchase Defog It at [www.defogitworks.com](http://www.defogitworks.com) or at 1-888-ENDS-FOG.

Clarity Defog It™ is made by Nanofilm, a global optical leader in lens care and coatings. Millions of people around the world use Nanofilm lens care products, as well as nanotechnology-enabled coatings. More information is available at [www.nanofilmproducts.com](http://www.nanofilmproducts.com).
